GitHub: <https://github.com/imranafis/>

PROFESSIONAL PROFILE

A versatile developer with hands-on experience in front-end, back-end, and game development. Skilled in JavaScript, React, Node.js, Python, and C++ for both web and system-level programming. Possesses strong problem-solving skills honed through competitive programming and LeetCode. Passionate about building efficient applications, exploring low-level systems and game design, and ensuring code quality and scalability.

SKILLS AND EXPERIENCE

Web & Full-Stack Development

- Leading the development of the entire application (Notiveapp) from scratch.
- Utilizing React.js and Node.js for full-stack application development.
- Experienced in building Chrome Extensions, specifically developing the "AIUB-Form-Filler" available on the Chrome Web Store.
- Developed "AditorX" and "MediScrape," demonstrating proficiency in creating functional web tools and publishing to platforms like NPM.
- Working with RESTful APIs and Firebase for backend operations.

Software Engineering & Optimization

- Maintaining and managing the entire codebase, ensuring code quality, scalability, and best development practices.
- Fixing bugs and optimizing performance to enhance user experience.
- Applying strong problem-solving logic to create scalable solutions.

Game Design & Development

- **Developed multiple games using C# and Unity (Game Development).**
 - **Demonstrating proficiency in C++ for system-level programming.**
-

CAREER SUMMARY

2025-Present NOTIVEAPP , Web Developer (Startup)

EDUCATION

**BSc in Computer Science and Engineering (CSE) American International University
Bangladesh (AIUB) , 2023-Present**

TECHNICAL SKILLS

- **Frontend: JavaScript, TypeScript, React.js ,**
 - **Backend: Node.js, Python , Go, RESTful APIs , Firebase**
 - **Programming Languages: C++, C#, Java**
 - **Databases: MongoDB, Firestore, MySQL**
 - **Tools & Platforms: Git , GitHub , Unity , Unreal Engine**
-

PROJECTS

- **Notiveapp (notiveapp.cloud)**
- **AditorX (Lightweight but powerful editor - Available on NPM)**
- **AIUB AutoCaptcha (Chrome Extension on Chrome Web Store)**
- **AIUB-Form-Filler (Chrome Extension on Chrome Web Store)**
- **Aessenger (Personal Messenger)**
- **MediScrape (Extract data from prescription)**
- **Pre-registration (AIUB Pre-registration course idea)**
