

MD SAIFUL IMRAN

SOFTWARE ENGINEER

Dhaka, Bangladesh | +880 1630-796340 | iimranafis@gmail.com | [linkedin.com/in/imranafis](https://www.linkedin.com/in/imranafis) | github.com/imranafis

SUMMARY

Full-stack developer and CS undergraduate with hands-on experience shipping production web apps, Chrome extensions (700+ combined active users), and NPM packages (1,500+ downloads), plus a game-development background in Unity/C#. Strong problem-solving foundation built through consistent LeetCode practice and competitive programming. Comfortable owning a codebase end to end — architecture, backend, frontend, and deployment — with a track record of taking projects from idea to published release.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C++, C#, Java, Go

Frameworks/Libraries: React.js, Node.js, NestJS, Next.js, Unity, Unreal Engine

Databases: MongoDB, Firestore, MySQL, PostgreSQL, Oracle SQL

Tools/Platforms: Git/GitHub, RESTful APIs, Firebase, NPM, Chrome Extension APIs, JWT Auth, Docker

Core CS: Data Structures & Algorithms (LeetCode), System Architecture and Design Patterns, Game Development

EXPERIENCE

Web Developer

2025 – Present

Notiveapp (Startup) Remote

- Leading full-stack development of Notiveapp from scratch using React.js and Node.js, owning both frontend and backend architecture.
- Maintain and manage the entire production codebase, enforcing code quality, scalability, and consistent development practices.
- Fix bugs and optimize performance across the stack to improve user experience and reliability.
- Integrate RESTful APIs and Firebase for backend data and auth operations.

PROJECTS

AditorX

1,500+ downloads on NPM

Built and published a lightweight, extensible rich text editor package to NPM, offering developers a fast, customizable writing interface for modern web apps.

AIUB AutoCaptcha

500+ active users · Chrome Web Store

Chrome extension automating CAPTCHA handling on the AIUB student portal.

AIUB-Form-Filler

200+ active users · Chrome Web Store

Chrome extension that automates repetitive form-filling on the AIUB student portal.

MediScape

Tool that extracts structured data from prescription documents and creates a patient profile based on that.

Aessenger

Personal messenger application built from scratch.

AIUB Pre-Registration Assistant

Tool that designed to streamline AIUB's course pre-registration process for students.

Game Development

Unity / C#

Developed multiple games using C# and Unity; explored game logic and mechanics design.

EDUCATION

American International University-Bangladesh (AIUB)

2023 – Present

B.Sc. in Computer Science and Engineering (CSE)
